

ASPIRE..... AIM..... ACHIEVE

Dear Doctor,

This is to request your participation for the CME in Clinical Cardiology - "SPEED" - Sathya Sai Preparatory course for Exam – going DM/DNB students – the clinical teaching program being conducted at the Sri Sathya Sai Institute of Higher Medical Sciences, Bengaluru on 9th & 10th March 2019. Thanks to your participation and encouragement over the years, **SPEED turns six this year. The association with the prestigious Indian College of Cardiology this year onwards who have praised the SPEED format and approach, and impetus given to exam-going students**, has added yet another feather in our cap and with this proverbial shot in the arm, we hope to keep the flame burning unto a long time to come.

SPEED aims in simulating the "pressure-cooker" exam atmosphere in DNB/DM exams in the most authentic way possible. Our success lies in our

"PURE CLINICAL" format-clinical case presentations, case history analysis, imaging and hemodynamic data interpretation and interesting echocardiographic case studies - *keeping the number of didactic lectures to the minimum and allowing for discussion of clinical cases with master teachers to the maximum*, simply because **Experience is priceless**. Based on feedback received over the past years, *it has genuinely been this "one-to-one" approach that SPEED garners*, that has been the crux of success in exams. Postgraduate students pursuing cardiac surgery and cardiac anesthesia, and pediatric cardiology fellows have gained positively from this

program based on responses received from them. *The KMC has always been supportive towards us by giving the program its due credit points.*

As we have always maintained, it's a battlefield out there in the exam (and in Life as such!!) and mortalities should remain to a minimum. We will have the **CROSS FIRE** (long case) and **POINT BLANK** (short case) sessions, will continue with the much-appreciated **FIRE POWER** (BENCH to BEDSIDE) clinically oriented discussion session and culminate with the **MASTER CLASS** (discussing face-to-face with the examiners).

In keeping with principles of Bhagawan Baba, there is no registration fee for the program. Accommodation will have to be arranged by the delegates.

Registration link for SPEED 6.0 is :

<https://goo.gl/forms/dZXTzi0KITIP8Vn82> and the last date for registration in Feb 25, 2019 keeping in mind logistic and food arrangements.

Do keep a lookout for the E-BROCHURE that will land in your email very soon.

**SPEED IS YOUR PROGRAM ...DO MAKE SURE YOU TAKE THE
MAXIMUM OUT OF IT**

SIX CHEERS FOR SPEED....!!!

Warm regards

Dr.P.K.Dash Chief Coordinator, TEAM SPEED 2019

Head, Dept of Cardiology,SSSIHMS Whitefield, Bangalore
